Dear Principal,

I am writing to express my sincere appreciation to St. Teresa's Institute of Education for consistent efforts in collecting used Tetra Pak cartons as a part of Go Green with Tetra Pak campaign. I am happy to confirm that your college has collected a total of **26,026** used Tetra Pak cartons from 2018-2020. As an incentive your college was awarded **three garden benches** made from recycled Tetra Pak cartons.

It is evident that your college takes its environmental responsibilities seriously, and your consistent collection of used beverage cartons is a clear demonstration of that commitment. By collecting these cartons and sending them for recycling, your college is making a significant contribution towards reducing the amount of waste that ends up in landfills.

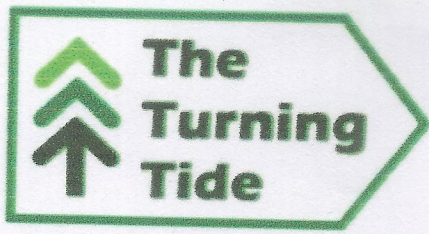

I believe that your college's efforts in this regard are commendable, and they serve as an inspiration to other institutions to take similar steps towards environmental sustainability. I would like to thank you for your unwavering support and dedication to this cause.

As a company, we are proud to be associated with your college, and we are grateful for the opportunity to work with you towards a greener and more sustainable future. We look forward to continuing our partnership with your college and supporting your efforts towards environmental conservation.

Thank you once again for your commitment to Go Green with Tetra Pak program.

Sincerely,

Monisha Narke,
Founder & CEO,
RUR GreenLife Pvt. Ltd.

10th January 2020

To Whomsoever It May Concern

This is to place on record that **The Turning Tide** has been an integral part of the **All-Mumbai Interschool/ Intercollegiate Environment Festival Planit-E** hosted by **St. Teresa's Institute of Education, Santacruz (W), Mumbai.**

Congratulations to Dr. Giselle D'souza for conceptualising this First-ever Environment Festival, which is a great platform to witness citizens from across the city come together in unison to usher in a green evolution of the planet.

It has been a wonderful experience year-on-year to collaborate with the college for this Green endeavour and witness the youth of Mumbai coming up with creative solutions to pressing environmental issues.

I wish the Principal and the S.T.I.E. team the best always in its Green Journey ahead!

With best wishes and appreciation

Mr. George Remedios
Founder

To Whomsoever It May concern

Ekonnnect Knowledge Foundation (Ekonnnect) wishes to hereby state that St. Teresa's Institute of Education (Institute), Santacruz West, has been successfully implementing the waste management project initiated by Ekonnnect in coordination with RUR Greenlife Pvt. Ltd. and Sampurn(e)arth Environmental Solutions Pvt. Ltd. in January 2022.

The project involved installation of 2 GreenGold Aerobic Composting tumblers and dry waste storage facility for segregation into plastic, paper, e-waste, and other waste on campus. With a daily amount of approximately 10 to 15 kg of biodegradable waste per day, the institute has composted around 952 kg of waste and scientifically recycled around 350 kg of dry recyclable waste till December 2022. The institute has also generated close to 75 kg of good quality compost which it has been using to maintain and increase the green cover and biodiversity of the campus.

Through this project the institute has contributed to reduction in the greenhouse gas (GHG) emissions by 241 kg of CO2 equivalent. The faculty, students, and support staff of the institute have been keenly involved in smoothly managing the installed waste management system.

We wish the entire institute team success for all its green endeavours!

Yours sincerely,

Dr. Prasad Modak
Director

Ritvik Rao

Director

7th September, 2021

To Whomsoever It May Concern

This is to testify that the Tree Landscaping Inventory of **St. Teresa's Institute of Education, Santacruz /(W), Mumbai** was conducted by **Terracon Ecotech Pvt. Ltd** in September 2021.

A total of 101 species of plants, comprising of 17 native species and 15 exotic species of trees, 26 species of shrubs, 33 species of herbs and 10 species of climbers/ twiners were identified. A summary of the species identified was provided to the college with a suggestion regarding the Geo-tagging of selected species on the campus.

We at Terracon Ecotech Pvt. Ltd. were happy to be associated with the Institution as a part of this Green Initiative. We appreciate the interest that your Institution displays in upholding and propagating values of Environmental Conservation and Consciousness. Green Innovations of this kind though rare, are much needed in our urban settings to alert the youth who are the future inhabitants of the planet to their role and responsibility of Environmental Stewardship

We wish the Institution the very best in all its upcoming Green Endeavours and look forward to a long, promising and continued relationship between the two organizations.

Thanking you,
For, Terracon Ecotech Pvt. Ltd.
