## GPS Based Tree Inventory Report

The field survey was conducted in September 2021 in the St. Teresa's Institute Of Education, Santa Cruz to document the floristic diversity. Trees with a girth (Diameter) of 10 cm and above are geotagged. Whereas, the individuals having a girth less than 10 cm (0.1m) are listed in the inventory.

### 1. SUMMARY TABLE

| SN | Particulars                                 | Remarks  |
|----|---|--|
| 1  | Tree species documented                     | <b>33 Species</b> belonging to <b>18 Families</b> were documented.   |
| 2  | Tree species Geotagged                      | <b>30 Species</b> (Out of this, 3 species are not listed in tree inventory.  |
| 3  | Total tree Individual Geotagged             | <b>94</b> trees were geo tagged during the survey.   |
| 4  | Tree species (non-geotagged)                | <b>3 Species</b> (Individuals of Night-flowering jasmine, Ceylon Iron wood and Curry leaf were having girth of less than 10 cm, hence were kept untagged.)                                       |
| 5  | Tree species (Unidentified)                 | <b>Out 1 Tree species</b> remain unidentified.   |
| 6  | Native species                              | <b>17 Trees species</b>  |
| 7  | Exotic species                              | <b>15 Tree species.</b>  |
| 8  | Shrubs, Herbs, Climbers and Twiner's        | Shrubs ( <b>26 species</b> ) Herbs ( <b>33 species</b> ), Climbers and twiners ( <b>10 species</b> ).  |
| 9  | RET (Rare, Endangered and Teatened Species) | Oriental Thuja is categorised under the IUCN redlist, as a "Near Threatened" species. Being an <b>exotic ornamental species</b> , and planted on the large scale it is not a species of concern. |

### 2. TREE INVENTORY, INDIVIDUAL COUNT AND LAYOUT

#### 2.1 Individuals of trees

Trees species with the individual count are as follows

| SN | SCIENTIFIC NAME                 | ENGLISH COMMON NAME     | MARATHI LOCAL NAME | FAMILY        | ORIGIN | IUCN STATUS | COUNT |
|----|---------------------------------|-------------------------|--------------------|---------------|--------|-------------|-------|
| 1  | <i>Albizia saman</i>            | Rain tree               | Gulabi shirish     | Fabaceae      | Exotic | LC          | 1     |
| 2  | <i>Araucaria columnaris</i>     | Christmas tree          | NA                 | Araucariaceae | Exotic | LC          | 2     |
| 3  | <i>Artocarpus heterophyllus</i> | Jackfruit               | Phanas             | Moraceae      | Native | –           | 4     |
| 4  | <i>Averrhoa bilimbi</i>         | Cucumer tree            | Bilambi            | Oxalidaceae   | Exotic | –           | 1     |
| 5  | <i>Averrhoa carambola</i>       | Star fruit              | Karmal             | Oxalidaceae   | Native | –           | 1     |
