

Ethical Hacking and Cyber Security Seminar : 07 October 2023

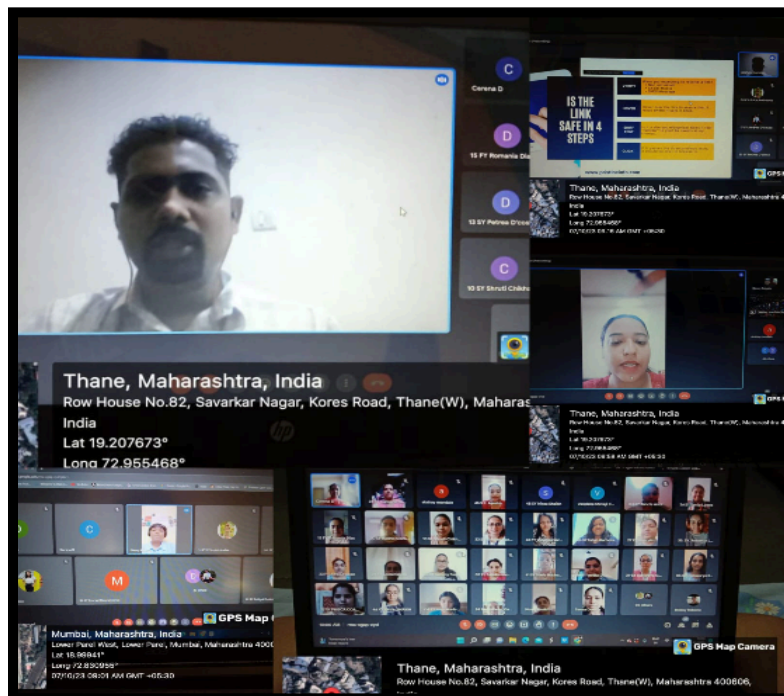

I) Basic Details

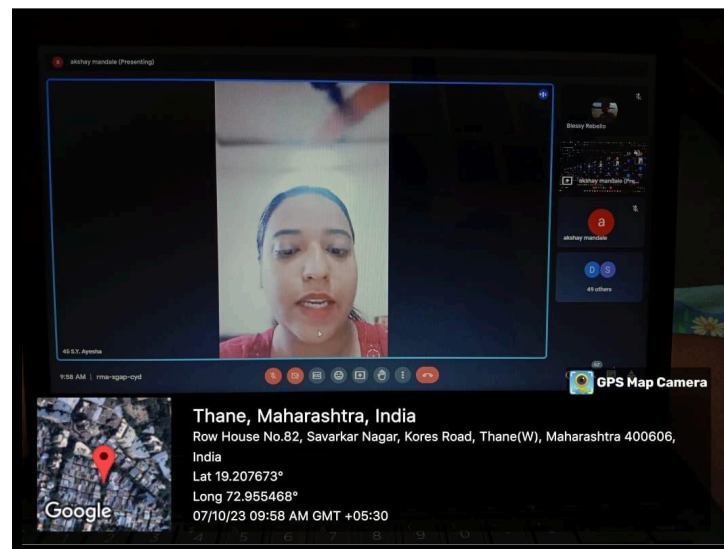

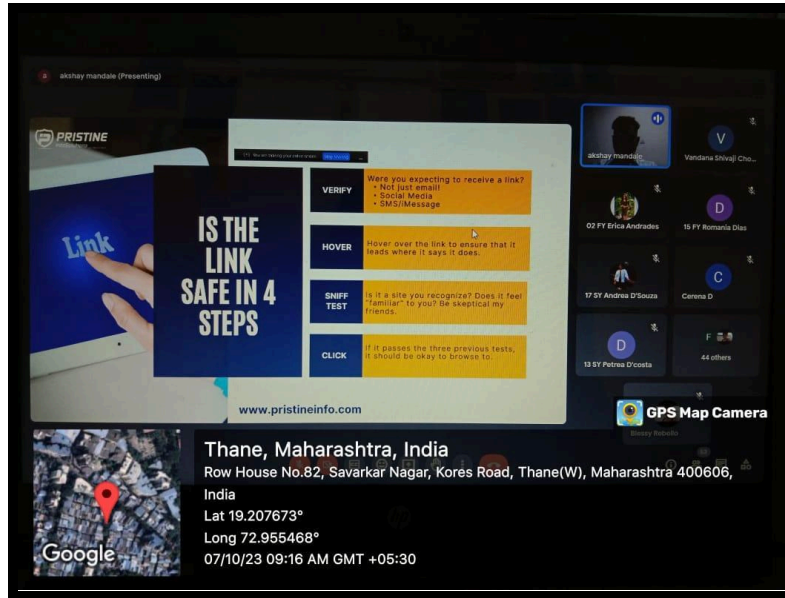

| Date | Faculty | Department/Committee | Co-ordinator name |
|-----------------------------------|-------------|---------------------------------------------------------|---------------------------------|
| 07/10/2023 | Arts | Education | Dr. Cerena D'Cunha |
| Time | Venue | Activity for Class/Group with Total Number of Attendees | Nature: |
| 9:00 am to 10:00 am | Google Meet | 47 S.Y.B.Ed students | Online (Indoor) |
| Name & details of Resource Person | | Names of Staff Members who supported | Names of Students who Supported |
| Mr. Akshay Mandale | | Dr.Giselle D' Souza Dr. Cerena D' Cunha | Ayesha Sayyed Blessy Rebello |

II) Brief Information about the Activity

| Topic/Subject of the Activity | Ethical Hacking and Cyber Security Seminar |
|------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Objectives for conducting Activity | <p>I. To raise awareness among students about the potential risks associated with using the internet, including cybercrimes, data breaches, and malware, and to help them understand the importance of online safety.</p> <p>II. To encourage students to adopt responsible and secure online behavior, such as using strong passwords, regularly checking for data breaches, and applying cybersecurity best practices to protect their digital presence.</p> |
| Methodology | <p>I. During the session, students enthusiastically participated and listened. The event was filled with insights about the forms of hacking, online threats, and only knowledge about how one can safeguard their personal information in the online world.</p> |
| Outcome | <p>I. Fostering awareness about online safety, providing practical knowledge to identify and mitigate cybersecurity threats, and promoting responsible online behavior.</p> <p>II. Equipping students with the knowledge and tools needed to protect themselves in an increasingly interconnected world.</p> |
