II Brief Information about the Activity

Topic/Subject of the Activity	Save Water Safe Water – SOSVA
Objectives for conducting Activity	<ul style="list-style-type: none"> • To create an awareness about the importance of water conservation in the student fraternity. • To train the student teachers in creating propaganda on various issues pertaining to water scarcity among school students. • To network with schools so as to sensitise students to the importance of water conservation techniques.
Methodology	Modules relating to concepts such as water crisis and its causes, water scarcity and techniques of water conservation such as rain water harvesting, were simplified and presented to school students using interactive and participatory approaches with a range of exciting activities such as preparing posters with striking captions to evaluate the knowledge gained by students.
Outcome	<ul style="list-style-type: none"> • This collaborative venture with SOSVA met with laudable success and created ripples of environmental awareness among young minds to whom the future belongs.
