St. Teresa's Institute of Education: A Legacy

St. Teresa's Institute of Education is one of the pioneering colleges of teacher- education in Mumbai. It was established by the sisters of the Congregation of Carmelite Religious in 1973. It is Christian minority aided college affiliated to the University of Mumbai. For over three decades now, the college has been rendering yeoman service to the cause of teacher education in and around Mumbai. The college works towards the lofty ideals of creating teachers who are competent and compassionate. The focus is on conscientious sensitization of student teachers to their call to be artisans who will fashion the future of society. Students from St. Teresa's have been welcomed by prestigious schools both in India and abroad and have served in the capacity of teachers, supervisors and principals.

At St. Teresa's the emphasis is on "Excellence in Education" and the philosophy of the college is guided by the sublime principles of St. Teresa of Avila, the patron saint of the Carmelites and Mother Veronica, the foundress of the CCR Congregation.
